Middle School - Grouped by Content Area

The following information was reported by **USD 246** on the Kansas State Department of Education's Wellness Policy Reporting System. It reflects the current status of the Kansas Model Wellness Policy Guidelines as implemented by **USD 246**.

Nutrition Guidelines

General Atmosphere

Guidelines Achieved

- B - The dining area is clean.
- B - The dining area is orderly.
- B - The dining area has a reasonable noise level.
- B - The dining area has an inviting atmosphere.
- B - The dining area has adequate seating to accommodate all students during each serving period.
- B - The dining area has adequate adult supervision.
- B - Students are allowed to converse with one another while they eat their meals.
- B - Lunch hour is closed. Students must have permission to leave school campus.

Breakfast

Guidelines Achieved

- B - All school breakfasts comply with USDA regulations and state policies.
- B - Students have at least 10 minutes to eat breakfast not including time spent walking to/from class or waiting in line.

Lunch

Guidelines Achieved

- B - All school lunches comply with USDA regulations and state policies.
- A - Desserts with more than 5 g. of fat per serving are offered no more than 2 times per week.
- A - An entrée choice with total fat of 16 g. or less per serving is offered at least 3 days per week.
- E - At least 10 different fruits and 10 different vegetables are offered monthly.

Guidelines In Progress

- E - An entrée choice with total fat of 16 g. or less per serving is offered daily.
- E - Fresh fruits or vegetables are offered daily.

A La Carte

Guidelines Achieved

- B - A la carte items are offered in compliance with USDA regulations prohibiting the sale of "foods of minimal nutritional value" during the meal service period where school meals are served or eaten.
- E - Water (non-caloric) is sold a la carte.
- E - All milk sold a la carte is low-fat (1% or ½%) and/or skim (nonfat) with 35% or less of weight from total sugar (or less than 9 g. per 100 calories).

Guidelines that are Not Applicable

- A - The same portion size of any food items served in the school breakfast or lunch are sold a la carte.
- E - Fruits and/or vegetables are sold a la carte.
- A - All soy or rice beverages sold a la carte contain 35% or less of weight from total sugar (or less than 9 g. per 100 calories).
- E - All juice products sold a la carte contain 100% juice.

Nutrition Education Guidelines

General Guidelines & Classroom

Guidelines Achieved

- B - All students, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in a variety of learning experiences that support development of healthful eating habits.
- B - At least 25 percent of nutrition education instruction will be comprised of hands-on activities that engage students in enjoyable, developmentally-appropriate, culturally relevant, participatory learning.
- B - The nutrition education curriculum will be sequential and consistent with the current Kansas State Board of Education approved health education teaching standards.
- B - Nutrition education will be taught by a teacher licensed by the Kansas State Department of Education or under the direct supervision of such a teacher.
- B - The licensed teacher will approve the instructional materials and method; and have ongoing, open communication with the individual providing instruction.
- B - Schools will be encouraged to use qualified personnel to provide nutrition education from organizations such as the Kansas State Department of Education, K-State Research and Extension, health and agriculture organizations, universities and consulting registered dietitians.
- B - Nutrition education will be based on the most recent Dietary Guidelines for Americans.

Guidelines In Progress

- A - School administrators will inform teachers about opportunities to attend training on nutrition and the importance of role modeling healthful habits for students.

New Goals

- E - At least 15 hours of classroom nutrition education will be provided each year for all students.
- A - At least 50 percent of nutrition education instruction will be comprised of hands-on activities that engage students in enjoyable, developmentally-appropriate, culturally relevant, participatory learning.

Guidelines that are Not Applicable

- A - School administrators will encourage teachers to attend nutrition-related training at least once a year and will support their participation.
- B - Active learning experiences will be provided for students; and whenever feasible, the active learning will involve the students in food preparation.
- B - Annually, an updated list of nutrition resources will be provided to each school principal by KSDE and this list will be given to the teachers.
- B - Teachers will be able to secure recommended nutrition education resources in adequate quantities for their students.

Cafeteria

Guidelines Achieved

B - Attractive, current nutrition education materials will be prominently displayed in dining areas and changed at least every 9 weeks.

A - Teachers will discuss with students the nutrition education materials displayed in the dining areas.

B - Students will be encouraged to start each day with a healthful breakfast and to choose nutritious foods throughout the day.

A - Students will participate in taste tests and/or surveys to obtain their input on foods offered in the cafeteria.

Guidelines In Progress

E - Students will be informed about the nutrition requirements for school meals and some students will be involved in helping plan menus.

New Goals

E - Teachers will collaborate with the school nutrition staff to use the cafeteria as a learning laboratory that allows students to apply critical thinking skills.

Events During the School Day

Guidelines Achieved

B - Each year, some individual classrooms will participate in one or more events that are either centered on nutrition or include nutrition as a main component.

Guidelines In Progress

A - Each year, at least one school-wide interactive event will be conducted that is either centered on nutrition or contains nutrition as a main component. After the event, related lessons will be used to reinforce learning of the information presented at the event.

E - A community or media partner will be involved in at least one school-wide event by helping with planning or actively participating in the event. Both before and after the event, related lessons will be used to reinforce learning of the information presented at the event.

Family & Community -NE

Guidelines Achieved

B - Parents will be invited to join students for school meals.

B - Families will be provided with information that encourages them to teach their children about health and nutrition, and to provide nutritious meals for their families.

Guidelines In Progress

A - Family members will be encouraged to become actively involved in programs that provide nutrition education.

E - Community members will be encouraged to become actively involved in school programs that provide nutrition education.

Guidelines that are Not Applicable

A - Opportunities will be provided for parents to share their healthful food practices with the school and community.

E - Nutrition information will be provided to the broader community.

Staff Wellness

Guidelines In Progress

B - The school will encourage each member of the staff (both certified and non-certified) to serve as a healthy role model for students.

A - The school will have a staff wellness committee to plan and implement ongoing activities for school staff that promote health and wellness.

E - At least one school-wide activity will be conducted each year that promotes staff wellness.

New Goals

E - The school's staff wellness committee will develop, promote and oversee a multi-faceted plan to promote staff health and wellness including healthful eating, physical activity and other elements of a healthful lifestyle.

Physical Activity Guidelines

General Guidelines & Physical Education Classes

Guidelines Achieved

B - All students, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in moderate to vigorous physical activity on a regularly scheduled basis each school week during the entire school year.

B - Students will receive 100-150 minutes of physical education per week.

B - The school(s) will provide a physical and social environment that encourages safe and enjoyable physical activity for all students, including those who are not athletically gifted. Students will have the opportunity to participate in lifetime physical activities (e.g. walking, Pilates, swimming, golf, tennis, etc.).

B - The physical education curriculum will be sequential and consistent with Kansas State Board of Education approved physical education teaching standards for Pre-Kindergarten through grade 12.

B - Physical education teachers are licensed by the Kansas State Department of Education.

B - Physical education classes will have a student/teacher ratio that is the same as other classes in the school.

B - Adequate age-appropriate equipment will be available for all students to participate in physical activity.

B - Physical activity facilities on school grounds are safe.

Guidelines In Progress

A - Students will receive 151-200 minutes of physical education per week.

Guidelines that are Not Applicable

E - Students will receive more than 200 minutes of physical education per week.

Throughout the Day

Guidelines Achieved

B - Classroom health education will reinforce the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television.

A - When circumstances make it necessary for students to remain indoors and inactive for two or more hours, the students will be given periodic breaks during which they will be encouraged to stand and be moderately active.

E - Classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

Guidelines In Progress

E - Opportunities for physical activity will be regularly incorporated into other subject areas (i.e. math, language arts, social studies, etc.).

Punishment

Guidelines Achieved

B - Physical activity will not be used (e.g. running laps, pushups) or withheld (e.g. recess, physical education) as punishment. This guideline does not apply to extracurricular sports teams.

B = Basic A = Advanced E = Exemplary

School Wellness Policy

Middle School - Grouped by Content Area

Before & After School

Guidelines Achieved

B - The school(s) will comply with Quality Performance Accreditation Regulation 91-31-34: Local Board of Education Requirement (g) Athletic Practice: 1. Any elementary or middle school that includes any of the grades six through nine may conduct athletic practice during the school day only at times when one or more elective academic courses or a study period is offered to students 2. A high school shall not conduct athletic practice during the school day, and athletic practice shall not be counted for credit or as a part of the school term. A school shall neither offer credit for athletic practice nor count athletic practice as a physical education course.

E - All students will be provided the opportunity to be moderately to vigorously physically active each day.

Guidelines In Progress

B - Daily periods of moderate to vigorous physical activity for all students will be encouraged by providing adequate space, equipment and opportunities.

E - The school district will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk and bike to school. When appropriate, the district will work with local public works, public safety and/or police departments in those efforts.

New Goals

A - Extracurricular physical activity programs will be offered, such as physical activity clubs or intramural programs.

Guidelines that are Not Applicable

E - A range of physical activities will be offered that meet the needs, interests and abilities of all students, including boys, girls, students with disabilities and students with special health-care needs.

Family & Community - PE

Guidelines Achieved

E - Community members will be provided access to the school's physical activity facilities outside the normal school day. School policies concerning safety will apply at all times.

Guidelines In Progress

B - Information will be provided to help families incorporate physical activity into the lives of all household members.

New Goals

A - Families and community members will be encouraged to institute programs that support physical activity, such as a walk to school program.

Guidelines that are Not Applicable

E - School resources (such as a back-pack containing physical activity equipment) will be loaned to families to support their efforts to be physically active.
